Creating connections between oracy practitioners

Thursday 14th October
3:30 - 4:30pm
Zoom meeting troubleshooting

You can mute and unmute yourself here.

Where you can have your video on – if you need to step away please do turn your camera off.

You can use the chat here to ask questions and if you need any troubleshooting.

We are recording the session and will share the recording at the end.

If you want to get involved and share reactions you can here.

If you need to leave the call at any time you can click here.

Change your view here to see either the speakers or full group.
What three words come to mind when we think about the benefits of sharing good practice in education?

Why should we create connections between oracy practitioners?
How will today’s session work?

- What does oracy look like in the maths classroom?
- How can oracy support pupils in the EYFS?
- What oracy approaches can I use to support vocabulary acquisition?
- How can I improve my students’ listening skills?
1. What (if any) are your successes in this area of oracy practice to date?

2. What barriers or challenges have you come up against?

One thing I’ve tried which I found useful for my students was...

A challenge I’m currently noticing is...

That’s interesting. Have you tried...?
Today’s Discussion Guidelines:

- Step up, step back
- Share the air
- Use thumbs in to show you wish to contribute to the discussion.
- To summarise the key points towards the end of the discussion.

Thinking Together Project - [https://thinkingtogether.educ.cam.ac.uk/](https://thinkingtogether.educ.cam.ac.uk/)
"For us implementing oracy was not just about children's communication skills, it was also about developing their thinking skills. We see that as a really reliable way to get students to think about what they're learning, and then be able to discuss what they're learning with each other."

Garrett Fay, Headteacher at St Michael's Catholic School.
